#### Feed The World

In 1984, after a decade of drought and civil war, Ethiopia starved. The United States and Europe began to give aid to the millions of refuges, but for one million, it was too late.

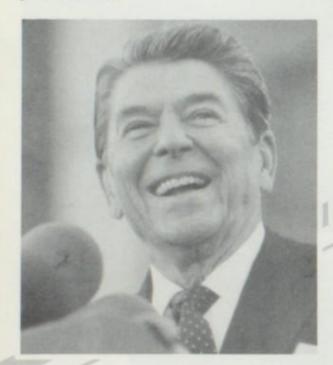

Another form of relief for the hungry came from money raised by a very special album. Most all of the top pop stars of England, such as members of Duran Duran, U2, Culture Club, David Bowie, Paul McCartney and many others helped raise money by producing a couple of songs about the tragedy in Africa. All of the procedes went directly to Ethiopia. It's glad to know that these stars are not to big to care about the world's tragedies.

#### Disaster In India

In Bhopal, India, a fatal gas leak from the nearby Union Carbide plant killed some 2, 500 people in their sleep. Hundreds of victims were blinded or were seriously ingured by the accident which gave no warning to its victims. Animals lay dead in the street which would soon spred to disease. Union Carbide, an American company, is being sued for damages.

### National

#### Elections 84

After stiff competition by democrat Walter Mondale, President Reagan attained four more years in office. Mondale's heavy campaigning only paid off in Minnesota and the District of Columbia. The electoral vote was 525 to 13. Campaign promises such as deficit reduction plans and arms control talks with the Soviets all helped in the landslide

Mondale took a different approach to attract voters, her name was Geraldine Ferraro. With her presence, he hoped to gain votes from women, Catholics, Italian-Americans and her home state, New York. But, 86% of Mondale's voters said that Ferraro didn't make any difference at all. But. Mondale did receive 41 percent of the

#### Central America

An embarassing situation arose for the United States when it was devulged that the CIA had directed the mining of Nicaraguan harbors. The minings were done to prevent Soviet and Cuban arms shipments. The CIA also caused embarass ment for the Reagan administration by the find-ing of United States pamphlets on "How To Overthrow a Government" by the Democrats. Of course these accusations were denied.

#### Medical Miracles

William Schroeder became the second person to receive a permanent artificial heart. The operation was so successful, that thirty six hours after the operation, he boldly said, "I'd like a beer."

In Loma Linda, Calif., a child known only as Baby Fae was conceived and born in the normal way but with a fatal cardiac defect. After twelve days of life on her own defective heart, she received a transplant from the heart of a seven month female baboon. She survived twenty more days but died from a kidney failure.

### **Obituaries**

LOSS OF A STAR, Actor Richard Burton died at the age of 58. A quote by the famous star describing himself says it all, "I rather like my reputation : . I'm a spoiled genius from the Welsh gutter, a drunk and a womanizer. It's rather an attractive image.

TOP SOVIET DEAD. Defense Minister Dmitri Ustinov of the Soviet Union died at the age of 76. Ustinov was the first civilian to head the Soviet military since Leon Trotsky. He was a civilian engineer who never commanded soldiers on the battlefield. He gained his status in the Kremlin heirarchy by his unique philosophy; "You can not wage and win a war if you don't have weapons." He was in charge of making certain that Soviet arsenals were never empty. In doing so, his five decade occupation made it possible for his country to surpass the United States in arms production. Ustinov died of a cardiac arrest.

LOSS OF A WRITER, Writer Truman Capote died at the age of 59. The best description of the writer is best por-trayed in this self-analysis, "I'm an alcoholic. I'm a drug addict. I'm a home sexual. I'm a genuis.

### Sports And People

#### Peter V. Ueberroth

The 1984 Summer Olympics, held in Los Angles were a smashing success. The president of the Los Angeles Olympic Organizing Committee, Peter V. Ueberroth, became Time magazine's man of the year. Ueberroth, age 47, devoted five years to the making of the Games into a \$150 million dollar profit. After his great achievement with the Olympics, his new job as the with the Olympics, his new job as the commissioner of major league base-ball and as acting co-chairman of the committee to refurbish the Statue of Liberty, what's next? Maybe politics. But what happens with the money? Ueberroth said that the entire sum will go to amateur sports in the United States.

It was the Miami Dolphins and the San Francisco 49er's in this year's Super Bowl. It was a grueling battle on Sunday, but San Francisco beat dangerous Dan Marino's superb passing ability and went on to win Super Bowl XIX.

# Student Life

Located in beautiful Newport Beach, California, 41st Street is the Estancia High School hangout during the hot days of summer. Scamming, surfing, swimming, sunning, and smashball take place along the sandy seashore. Why 41st Street? Because you will always see someone you know and the atmosphere is fun! 41st Street will always be remembered as the "hot spot" in the summer!

Swatch watch has become very popular in the past year. These Swatch brand watches can be found in an assortment of colors; red, blue, yellow, black, and white. Swatches are made of a plastic inexpensive material that is durable. Swatches are sold at many stores around the world and are the latest thing to hit the market!

Guess jeans, made in Paris, France, are the latest and best fitting pair of jeans of the year. Guess is a brand that makes other clothes along with the popular jeans. Guess has a whole line of clothes for guys and girls. Because they are manufactured in Paris, they are more expensive than the average pair of jeans, but it's up to you to say if they're worth it or not!

Here at Estancia High School there are many students who are attending school as well as holding a job for extra money. This takes up much of their time, but the money earned is always put to good use! (at least most of the time) Many of us work at gas stations, restaurants, clothes stores, and pharmacies. That extra spending money is always needed!

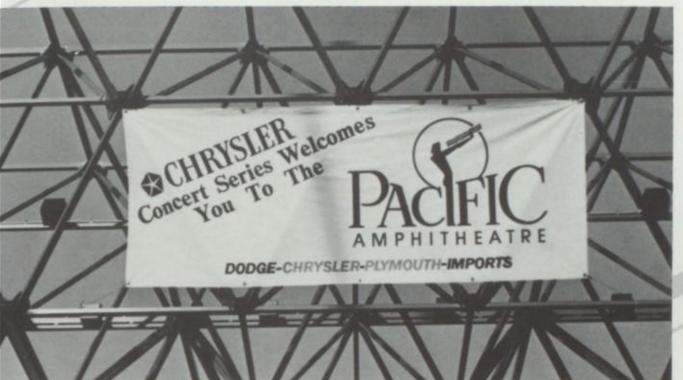

The Diego Supulveda Adobe

This historical building on the corner of Adams and Mesa Verde represents the Spanish movement in California. Built many years ago, it is one of the few historical buildings left in California. It will always be a place to go to relax and kickback, like many Estancia students do!

The Pacific Amphitheater

The Pacific Amphitheater located on Fairview Blvd, in lovely Costa Mesa, opened with its premier season in July, 1983. It is the hottest place to go to see your favorite group in concert! A few groups who have played so far are The Cars, X, Lionel Richie, The Plimsouls, The Scorpions, that is just to name a few. This is an excellent place to go and rock-out!

South Coast Plaza

South Coast Plaza, which is located on Bear Street and Sunflower is practically a monument in Costa Mesa. There are hundreds of stores in this huge mall, including department stores and boutiques. On a rainy day or any day, this ever so popular plaza can be found crowded with many eager shoppers. South Coast Plaza has the variety of stores to find just about everything!

This happy looking group of people is the award-winning Production Drama class of E.H.S. They are posing on the Ahmanson stage in L.A. with Matthew Broderick and Robert Fryer, the artistic director of the Ahmanson theatre. Professionals from the Ahmanson theatre evaluated the nine regional winners of the SCETA competition at our annual festival at Occidental College and packed four especially impressive scenes. Each group received \$300.00 for qualifying. But our performance of three short scenes from Scenes From American Life was judged the best and we received another \$500.00 as a reward. This extraordinary opportunity was a first time occurance at the Ahmanson and is a wonderful honor for us! Congratulations to the best drama dept. in southern California.

Girls League

This years Girls' League has really lived up to the name of "Charity Club." For Thanksgiving we held a schoolwide food drive with a competition among the math classes. We collected over 900 cans and donated them to S.O.S. (Share ourselves). For Christmas we adopted a family in Costa Mesa and supplied them with Christmas dinner and all their presents. Future activities include selling Val-O-Grams to make money for further donations.

### Ski Club

Ski Club 1985- This years ski club is lead by co-president Stephan Van Doren and Sky Joyner, along with their advisor Mr. Adams. This year as in years past we took two big ski trips. The first trip was to Utah. There we stayed in Salt Lake City and skied the slopes of Alta, Parkwest, Solitude, and Park City. This was a very cold and exciting trip. Our second big trip was to Colorado. Here we skiied five days at Purgatory. Most people thought this was a much better trip because of the better skiing conditions. If you missed us this year be sure to join us next year for some awesome skiing!

#### PRINCIPAL'S MESSAGE Robert Francy

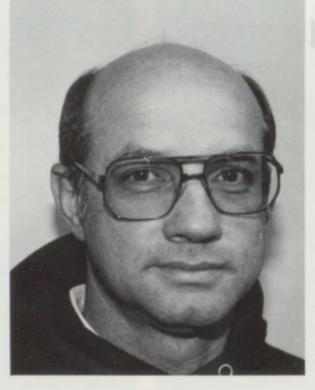

We have come together in many ways during the past year. We have met as teachers, counselors, administrators, parents and students as members of audiences cheering the accomplishments of others. We have shared the joys and elations of the successes of our athletic teams and we have felt pride in the artistic and Scholastic achievements of our school.

We have shared feelings of grief. We have laughed together and we have argued with one another. We have discovered the multiplicity of ways in which we are alike, and have accepted our differences without reservation. Perhaps most importantly, we have come to respect each other both for what we are . . . and what we are not.

Whatever we have done during the past year, I believe we have acted with honesty. Good luck!

"Avoid the reeking herd, Shun the polluted flock, Live like that stoic bird, The eagle of the rock.

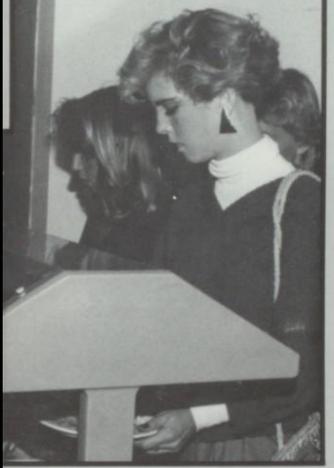

The huddled warmth of crowds Begets and fosters hate; He keeps, above the clouds, His cliff inviolate.

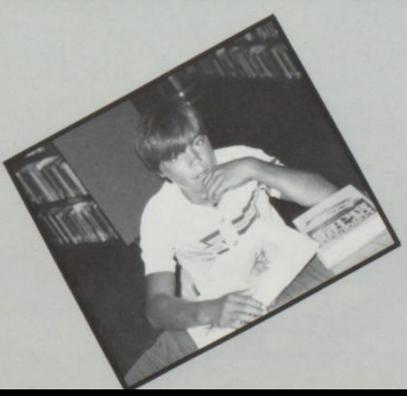

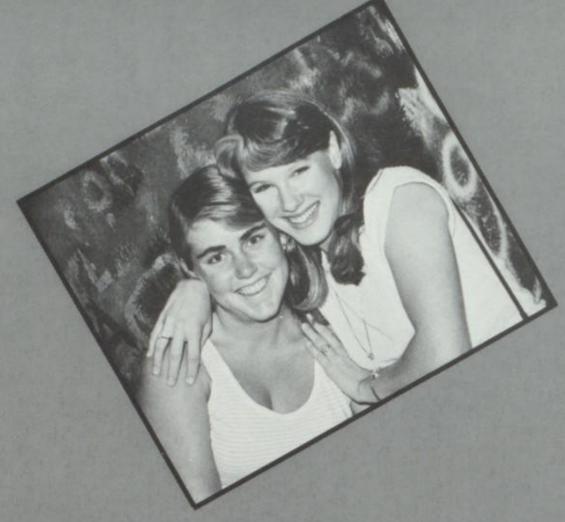

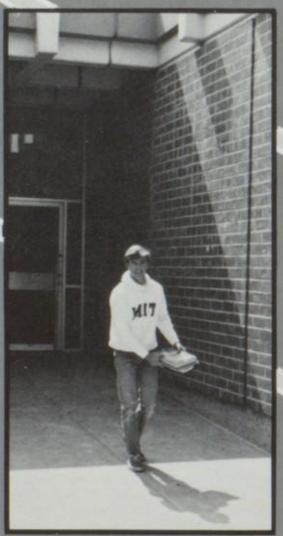

When the flocks are folded warm, And herds to shelter run, He sails above the storm, He stares into the sun.

If in the eagle's track
Your sinews cannot leap,
Avoid the lathered pack,
Turn from the steaming
sheep."

It is always hard to say goodbye, and for a number of us here at Estancia we said a goodbye we will never forget. Billy Dearing and Roy Williamson may you always ride the wild surf wherever you are. We will never forget the impression you had on all of our lives. Thank you.

Seniors,
We finally made it.
It's graduation time.
We're all here dressed in maroon
And standing in a line.
We will begin our walk
In a few moments,
And it will take us all somewhere else.
We'll sit down and listen
To the special speeches
That have been

prepared.
We'll hear how great we are
And that we've been the best class by far.
Now we'll begin another walk
To receive our diploma,
Shake a hand and give a pretty smile.
We'll be seated again and then
The hats will fly.
(I know I'm going to cry)
Now we walk again,
But this time
We walk our separate ways,
Hopefully never forgetting
These special Estancia days.

-Sandy Christy
